

PREMIUM  FINISHES

ZAR[®]

PLATINUM PRO

Translucent URETHANE FINISH

Excellent color retention

Fortified with aliphatic urethane for durability

Adhesion to multiple substrates

Non-fading lustrous finish

Thick consistency that reduces drips and mess

USE ON vertical, non-porous, primed substrates such as fiber cement, panel and lap siding, vinyl, and doors made of fiberglass and steel.

ALSO FOR primed or unprimed, interior or exterior wood surfaces such as siding, fences, horse barns and stalls, board and batten, and ceilings.
